

## VENUE HIRE OPTION

Chateau Wyuna is available to hire for your wedding if you want to use external contract caterers.

<b>Price</b>	\$5,000 Off-peak Season – June, July & August
	\$5,500 Shoulder Season – January, February, May, September & December
	\$6,000 Peak Season – March, April, October & November

*These prices include GST. This option is not available on Christmas Day or New Year's Eve, or to couples who have or have had an existing booking at Chateau Wyuna.*

### How does it work?

- You can hire the following parts of the venue on your chosen day for a total of six hours:
  - Our beautiful outdoor ceremony areas, indoor chapel or Treetop Room (each set with chairs and a clothed signing table) are available for one hour for your ceremony.
  - The Chatterbox Room or Treetop Room are available for use for any predinner drinks for one hour after your ceremony.
  - The main reception space called the Burgundy Room is then available for a four hour reception.
- Our magical garden areas can also be used for your wedding photography, as well as our Log Cabin Bridal Retreat which is perfect as a wet weather fallback.
- The main reception room can be set according to your layout with our gold Tiffany chairs, round tables set with white linen and a centerpiece selected from Chateau's range.
- Chateau's crockery, glassware and cutlery can be used.
- A Chateau wedding coordinator will be on-site for the duration of your hire period to manage the event in partnership with your caterer.

### Who does the catering?

- You can arrange your own caterer, but they must be an accredited food supplier and hold products liability insurance.
- While Chateau will need to approve your choice of caterer, we can recommend caterers with particular areas of culinary expertise (eg. eastern cuisine).
- Use of the kitchen and associated equipment will be provided on the day at times to be agreed.
- The facilities used must be left in the same condition as when the caterer arrived.
- A kitchen hand employed by Chateau will be provided during the reception to assist with cleaning and putting items away, since detailed knowledge of the kitchen will help greatly with these tasks.
- The caterer will provide all other floor, bar and kitchen staff.
- Chateau can provide beverages if the caterer chooses not to, for an additional charge.

### What extras are available?

- Time extensions will cost \$10 per guest per hour.
- Our standard house beverages package can be included for \$45 per adult and \$15 per child / teenager, in which case a Chateau staff member will operate the bar.
- Chateau's floor staff can be hired to serve and clear food at a cost of \$60 per hour.
- They can also be hired at the same rate as bar staff if you choose to BYO beverages.
- Note the range of any BYO beverages must be approved in advance. Significant quantities of spirits will not be allowed.
- Spirits can be made available for direct purchase by guests only when the house beverage package is purchased.

### **Is there any fine print?**

- The couple hiring the venue will be responsible for any damage caused by the caterer or their guests.
- The couple will need to provide a \$1000 bond which will be repaid after the event if no damage caused.
- If the caterer is serving alcohol then they must have an appropriate liquor licence.
- Responsible drinking will be enforced irrespective of who supplies the alcohol.
- Chateau's other 'Terms & Conditions' also apply, including the requirement for first and second booking fees to confirm and retain a booking.
